JULIAN BYRD — — — — — MANAGER

Here is one of the squibs that are going the rounds of the country press. A young widow being asked why she did not marry again replied: "I'm just as good as married now I've got a parrot and he does the swearing; I've got a hog that does the grunting; I've got a tom cat that stays out all night. If that is not as good as the average husband I'll quit."

The following notice was found posted on a deserted homestead in the arid regions of Kansas: "Four miles from a neighbor, 16 miles from a post-office, 12 miles from a railroad, 14 miles from a school house, 41 miles from a church, 180 miles to timber, 300 miles to a democrat, half a mile to hell and the same distance from a republican. Gone to Oregon—God's country—to get a fresh start."—Argus.

Those who are trying to cultivate pretty lawns will be interested to know that a liberal application of gasoline to dandelions, plantains and other weeds will effectively kill them and will not injure the grass near them. The weed should be first cut off, and then pour the gasoline on the stump with a small oil can. The agricultural experiment station reports this is the best method of destruction they have found, after trying many other substances.

## Reflections of a Bachelor.

The following reflections of a bachelor are taken from an exchange and are credited to the New York Press.

As long as a girl can get engaged she is willing to have others getting married.

A girl is pretty sure she loves a man when she doesn't enjoy flirting with somebody else as she thought she would.

It is an unpardonable impertinence to kiss a girl when her mother is looking.

While a girl is learning about love she can teach a man more than he ever knew.

A girl thinks you are making love to her when you tell her that you met her mother yesterday.

It's pretty nice how red and warm a girl's lips can look and yet feel so cool and fresh.

A girl is afraid that somebody will see her stocking if there is a hole in it or won't when there isn't.

A girl is awfully shy to get close to a man that when she tries to dodge him she knows she can't.

An easy way to get a wife is to make her believe you are bound not to get married.

There would be a lot more fun in being a married man if it were against the law.

## Postmaster Robbed.

G. W. Fouts, Postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint which led to such a severe case of jaundice that even my finger nail turned yellow when my doctor prescribed Electro Bitters; which cured me and have kept me well for eleven years." Sure cure for Illness, Neuralgia, Weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful tonic. At City Drugstore, 50 cents.

Timber Land Act June 2, 1878.

They contain no morphine, opium, chloral, cocaine or other dangerous drugs.

"For a long time I have suffered from a severe pain in the head, which seems almost more than I can endure. These attacks come on every month, and last two or three days, but I have never been able to get anything that would give me much relief until I began taking Dr. King's Anti-Pain Pill, and they always relieve me in a short time. My sister, who suffers the same way, has used them with great relief, and I am sure they are safe to take."—Geo. A. EYLER, Cumberland, Md.

If taken as directed you may have entire confidence in their effectiveness, as well as in the fact that they will leave no disagreeable after-effects.

They contain no morphine, opium, chloral, cocaine or other dangerous drugs.

## Periodic Pains.

Dr. Miles' Anti-Pain Pills are a most remarkable remedy for the relief of periodic pains, backache, nervous or sick headache, or any of the distressing aches and pains that cause women so much suffering.

As pain is weakening, and leaves the system in an exhausted condition, it is wrong to suffer a moment longer than necessary, and you should take the Anti-Pain Pills on first indication of an attack.

If taken as directed you may have entire confidence in their effectiveness, as well as in the fact that they will leave no disagreeable after-effects.

They contain no morphine, opium, chloral, cocaine or other dangerous drugs.
